REASONS FOR ALLOWANCE

1. Applicant's Appeal Brief filed November 5, 2005 has been entered and made of record.
2. The examiner's previous rejections to claims 1-14 are withdrawn.
3. The following is an examiner's statement of reasons for allowance:

Independent claims 1, 2, and 3 are allowable over the prior art of record. Claims 4-14 depend from claim 3, and therefore, are allowable.

Upon review of the applicant's appeal, it was determined that at the time of the invention it would not have been obvious to modify Burger (USPN 6,219,439, hereinafter Burger) with Morinaga (USPN 6,137,685, hereinafter Morinaga) to include a camera on the smart card while still making a comparison off the smart card. This modification would require altering a principle structure within Burger that would contradict the intended use.

In a further search, the examiner found an additional reference to Wang (USPN 6,038,333, hereinafter Wang) for teaching a camera on a smart card. However, Wang also teaches performing the comparison of facial images on the card. In this case there would be no motivation to modify Wang to remove the comparison process off the card and into a separate structure.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
